## Researcher's Note

As of 19 Jan 2010, a search of the papers contained in the probate file for the estate of William Reddick has failed to locate pages 11 and 12 of this document that could be entitled "Inventory of Property Entitled to Elizabeth Burrier Funk Reddick.

Based on the listed contents and assessed values brought forward from page to page, and as page 10 concludes with the beginning of the inventory of livestock (total assessed value of all personal property carried forward at bottom of this page shown as \$5237.86) and page 13 continues that same livestock inventory (total assessed value of all personal property brought forward at top of this page shown as \$8670.86), it can be surmised that pages 11 and 12 were lists of livestock with an assessed value of \$3433.00.
